NEAWG gold for Pacers

Elk Point Pacers men's basketball team realized a dream this weekend which dates back to the very first North Eastern Alberta Winter Games, when they brought home the previously elusive gold medals from Wainwright.

The Pacers won the honor with victories in two overtime games, taking a one point edge over Lloydminster and a two point win over Wainwright, as well as wins over Provost and Vegreville.

This is the 16th trip to the North Eastern Alberta Winter Games for the Pacers, who have finished second in a third of those attempts and third a number of times, before their successful bid for the gold this year.

Local fans will have a great opportunity to see the champions in action on the February 16-18 weekend, when they host their annual tournament, featuring top teams from all over Alberta.

Silver For Jasinsky, Girls Handball

Biathlon competitor Dennis Jasinsky Jr. and the F. G. Miller Girls' Handball Team also did exceptionally well at Wainwright. Dennis Jasinsky Jr. won the silver in Biathlon, and will represent the zone at the Alberta Winter Games in Camrose later this month, along with Juvenile Figure Skating competitor Charlene Anderson, who also placed second in Winter Games preliminaries. The recently formed Girls' Handball Team, coached

First Trip Draw Of The 1990s

Alberta Treasury Branch Manager Mark Wilson officiates with Lioness Holly Astill at the first Lioness Trip Of The Month Club draw for the 1990 series. Terry Shankowski was the lucky winner of the trip to Banff, valued at $840, while Bob Caerns of Calgary won the $100 cash prize and R. Johnson the $50 cash prize.

Mini Telerama total tops $7,000

To the residents of Elk Point and district, the high point of last weekend's ACT Telerama '90 was the proud moment when Ruth Vogel stepped up to the microphone to present the ACT with a very large cheque, representing the receipts from Elk Point's first ever Mini Telerama, just prior to the dazzling performance by the senior dancers from the Elk Point Ukrainian Dance Club.

The total receipts from the January 27 Elk Point Mini Telerama added up to an impressive $7104.66, of which $5654.66 was clear profit, event co-organizer Ruth Vogel reports. This total includes the pledges made by donors, plus door receipts from the supper and dance.

While attendance at the supper and dance was not large, the receipts from those events covered the expenses for band, hall rental and groceries, besides leaving a sum which was added to the grand total. Mrs. Vogel emphasized that the pledges were not touched to pay expenses of any kind. "Those all went straight into the Telerama '90 fund."

Mrs. Vogel shared her organizational role with Nellie Hillebrand. The ladies would like to extend a warm vote of thanks to all the groups and individuals who contributed their time and effort to the Mini Telerama. These included Birch Hill Enterprises, Rob Hendricks, Lawrence Pidluzny, Claire Ference, F. G. Miller High School, the Lakeland Review, Ron Onusko, Elk Point Scouting Association, Elk Point OORP, Elk Point BPOE, Elk Point Oilmen's Association, Elk Point 4-H Multi Club, Heinsburg 4-H Multi Club, Elk Point Ukrainian Dance Club, Elk Point Lioness Club, Elk Point and District Lions Club, County Express, Dave's Pizza, Phil's Allied Hardware, Elk Point Oilettes, Fort George Motel, Radio LW and Dave Bruns.

Many thanks also to the fine entertainers who offered their talents for the Mini Telerama: F. G. Miller High School Band and conductor Don Buryn, Loree Germaine, Elk Point Ukrainian Dancers, Cynthia Adkins, the Border Line Buddies, Grace Meger, Lawrence Sharkey, Deborah Grey, MP, the Wasylishen Family, the Lakeland Wunder-Dogs, Shane and Tracy Yackimec, B. J. McNalley, Les Tourbillons, Sherry Oszust, St. Paul Dance Academy and Rob Hendricks.

Special thanks from the entire community to Mrs. Vogel and Mrs. Hillebrand for their outstanding organizational efforts, which made it possible for Elk Point to make such an impressive contribution to the ACT Telerama '90.

Receipts for the donations are being mailed out by the ACT. If you do not recieve a receipt for your contribution, please check with Ruth Vogel.

For those who missed seeing the Mini Telerama, or for those who took part in the show and would like a souvenir of this very special event, Birch Hill Enterprises has videotapes available. Call Vince Behr at 724-2037 for further information.

Chamber Annual Meeting tomorrow

The 1990 Annual Meeting of the Elk Point Chamber of Commerce goes tomorrow evening at 7:00 p.m. at the Empress Family Restaurant. Well over a hundred invitations have gone out to businesses and individuals in Elk Point and area for the meeting, and a good attendance is expected.

Jean Champagne of St. Paul / Smoky Lake Community Futures will be guest speaker for the event, and there will be a presentation on developments at the Fort George - Buckingham House historic site.

The Chamber expects to have a full slate of executive to present for ratification at the meeting, and the 1990 membership rates will be reviewed.

Everyone is welcome to attend, and to help get the Chamber off to a great start for the challenging new decade.

MLA John Drobot hospitalized

St. Paul MLA John Drobot was admitted to Elk Point Hospital late Saturday night, Feb. 4th, and transferred to an Edmonton hospital on Tuesday morning, Feb. 6th.

Constituency office secretary, Evelyn Kowtun, informed the St. Paul Journal that Drobot's illness is not considered serious and the transfer to Edmonton was mainly to facilitate consultation with a specialist.

An official news release will be released by Drobot's office later this week.

Town Council

Landfill burning must stop

Carmen Caswell, Senior Public Health Inspector with the North Eastern Alberta Health Unit, told Elk Point Town Council Monday night that burning of refuse at the Town and County operated modified landfill site must come to an end. Burning is not permitted and can produce toxic fumes which would be detrimental to the health of those down wind from the site. Failure to comply with the regulation could result in having the site open only during specified hours when an attendant could oversee dumping of refuse.

In addition, the Town was cautioned that the pit may need more frequent compaction and soil covering, to keep the waste as dry as possible and prevent leaching.

Schuhmacher resigns

Word was received just before press time of the resignation of Alvina Schuhmacher from Elk Point Town Council on Tuesday morning. Mrs. Schuhmacher said she has submitted the resignation "with great regret," but feels she just does not have the time to do the position justice. Her job is becoming more demanding, and between work and Council, she finds she is "missing out on a lot of things," including being with her family. Mrs. Schuhmacher has been on Council since 1984, when she was elected in a by-election.

Town Council now has two vacancies to be filled in the March by-election, with Monday, February 19 set as Nomination Day.

Winter Games medals for locals

Silver Medallist

Dennis Jasinsky Jr. placed second in Biathlon at the North Eastern Alberta Winter Games in Wainwright this past weekend, and proudly displays his handsome silver medallion. Jasinsky will now go on to compete at the Alberta Winter Games in Camrose later this month.

by Henry Joly, also won silver, but only the first place team will be going on to Camrose in that event.

Elk Point Ladies' basketball team won the bronze medals in that event, and helped to make the weekend a very successful one for Elk Point and district.

Six figure skaters taking part in a skating exhibition at the Winter Games were Dennell and Charlene Anderson, Shauna Loughran, Elisabeth Ludlage, Christina Estey and Tobey Conrad.

Elk Point Boys' Handball Team and a squad of Jackrabbit Skiers from Elk Point Elementary School also took part in the NEAWG, but were unable to finish in the medals.

Lioness environment tip of the week

Pollution and Youth

Last week's column introduced you to a few simple choices you could make to help keep our environment safe. Here are a few more suggestions that may help. Share them with Mom and Dad and your friends.

- To conserve electricity and water, get into the habit of turning down the hot water tap instead of turning up the cold water. Remember you are in control.
- Turn off the tap when brushing your teeth. Never leave the water running.
- Be sure to always turn the taps off so they do not drip and waste water.
- Walk, skateboard or ride your bicycle whenever possible. Not only will you keep the environment clean, your body will thank you too. Don't ask to be taken somewhere by car, if you can walk there safely.

Caswell met with Council to discuss plans for future expansion of the site, which may be necessary in the near future.

Council gave Caswell a rundown on their plans to seek an alternative raw water supply in the near future, due to problems with decaying vegetation which have rendered their current source, Atimoswe Creek, virtually unusable and have caused damage to the water treatment plant.

Council also met with Municipal Auditor Allen J. Warawa, CGA, to go over the 1989 municipal financial statements preparatory to having these printed for distribution to Town ratepayers. Monday, April 9 was set for the Town's Annual Meeting of Electors.

Considerable discussion centered on the Community Services Centre Feasibility Study report, which had been presented at Council's January 22 meeting and had been tabled for study by Council. Mayor Bruce Kleeberger noted that the report removed any doubt that a community facility is needed, but said that 'the facility indicated here is not what we're building.' The report suggests a very comprehensive building which would meet the needs of all of Elk Point groups which were involved in the study, but would be very costly to build and maintain. 'This is what the project could be,' Mayor Kleeberger said. 'It's up to the Town to determine what the scope of the project actually will be.' Council adopted the report and will consider at their next meeting what steps toward its implementation are to be taken.

Councillor Allan Frankiw agreed to represent Elk Point on the Northern Lights Library System Board.

Funding is in place for construction of Elk Point's Mural Park, but Elk Point Historical Society has indicated that they are unhappy with the tone of the development agreement the Town has sent for their ratification, and has suggested that the whole park project may have to be turned over to the Town. Administrator Pat Vincent will contact the Historical Society for further clarification on their plans, as members of Council are convinced that the Mural Park will be a much needed asset to Elk Point's tourism development.

Council will hold a Public Hearing next Monday evening, February 12, regarding proposed changes to the Town's General Municipal Plan which would allow a portion of the north subdivision to be used for recreational development. The original plan called for residential development in the area, but water servicing problems and the lack of demand for residential lots has prompted Council to look into other uses for the parcel. The Elk Point Agricultural Society has offered to purchase the land for development of an agricultural pavilion and fair grounds.

Community Services news

The Community Services Staff and Board mourned the death of Charlene Nixon this past Wednesday, January 31st. Her death was sudden and unexpected and came as a terrible shock to everyone who knew her. We who worked with Charlene know how hard she worked for our community and how much her energy and caring will be missed.

Our deepest sympathies go out to Charlene's husband, grant, and their three children, Matthew, Terina and Kenny.

Community Recreation/Cultural Grant Applications are now available at the Community Service Building and at the Town Office. Any groups or organizations intending to make application should do so before the deadline fo March 28, 1990.

ATTENTION CROSS COUNTRY SKIERS! The Elk Point Cross Country Ski Club has arranged to borrow a ski trail tracksetter for the remainder of the season. They are going to be grooming trails at the Recreation Land and Golf Course beginning this weekend. Come out and give the trails a try.

Oilmen Donate To Telerama

Mike Glover of the Elk Point Oilmen's Association presents the proceeds from the Mini Telerama Beerfest, plus that group's donation, to Ruth Vogel (left) and Nellie Hillebrand. The two donations added up to $1000 and helped considerably toward the $7000-plus total tallied up by the Mini Telethon organizers.

Another good year for library

Continuing increases in membership, circulation and materials marked 1989 as another good year for the Elk Point Public Library. At the Library's Annual Meeting last Tuesday, Librarian Doreen Mayner reported a 6 percent rise in membership and an 8.3 percent rise in circulation. Some of the increased circulation, she noted, is due to the quickly growing videotape collection, but the circulation of other items was also up by 1100 over 1988 figures. Each library member averaged 27.3 items borrowed.

The Library has also had a successful year as far as reaching the goals in the 5 year plan of service set out in 1987. Their slide presentation, a special brochure for seniors, advertising of special events on the Community Channel, and the weekly newspaper column has kept the community aware of the materials, services and programs the library offers ... An outreach program which takes books to Heritage Lodge residents is the first major step toward special services for those who cannot visit the library because of their infirmities. As a part of Seniors Information day, the Library extended a special invitation to the seniors to visit the library, view the slide presentation and enter a draw.

Teenagers and preteens have benefited from the addition of 356 new books and 76 new music cassettes during the year to the Young Adults section. A special program for young adults is slated for later this month.

Preschoolers enjoyed the weekly story times and special occasion parties during the year, as well as the "Be a Bookasaurus" summer program for both preschool and elementary school children. Visits from sports poet Frank Pavlick and author Kathleen Cook Waldron were much enjoyed as well.

In efforts to enhance and improve adult service, the Library Board visited Town Council and successfully lobbied to have the Town consider joining the Northern Lights Library System. Also successful was the fundraising effort conducted to establish a video cassette collection. Three adult-oriented programs, including showing a curling instructional video, hosting Ruth Andrishak for an author visit, an an income tax preparation workshop, as well as a family event, last September's Magic Show, were sponsored by the library. Other events included a book fair, a booth at the trade fair, two art shows and a craft show, plus 64 meetings and 2 advance polls held in the library's meeting room. A total of 812.75 hours of volunteer labor were donated to the library.

New member Daphne Schnurer was welcomed to the Board, while retiring members Sally Vincent and Alvina Schuhmacher were presented with complimentary 1990 library cards. Another new member, Irene O'Callahan, and two other retiring members, Charlie Mahon and Karen Zeigler, were not present. The Board is still two members short and is looking for people willing to serve with them.

The 1990 executive was elected, with former Secretary Louise Krissa moving up to take the Chair, former Chairperson Adele Mandryk becoming Treasurer, Irene Miller taking the position of Vice-Chair, and Daphne Schnurer agreeing to take on the Secretarial role.

Outgoing Chairperson Mandryk praised her Board and staff for their work in the past year, saying, "I can't say how proud I am of this library". Former Board member Schuhmacher, who admits she never was "too library minded" before joining the Board, added her praises, and said that her term had been a most worthwhile experience.

In Our View

Decisions, decisions

There are a lot of decisions to be made in Elk Point in the next few weeks, and virtually all of these will require careful thought in order to make the choices which will best serve the community.

For example, tomorrow night is the Annual Meeting of the Elk Point Chamber of Commerce, at which the leadership of that very important group will be determined. The Chamber has a big role to play in Elk Point's future, to strengthen and promote the business community and to maximize our tourism potential, and will need dedicated people who believe in Elk Point to take up the challenge and go forth into the future.

Next Monday night, a public hearing will gather input from the residents prior to the passing of a bylaw changing Elk Point's General Municipal Plan to incorporate an area for recreational use. Residents must ask themselves if they want this change to be made, and if not, they must make their objections known at the hearing. In such a case, however, it is essential to know the facts, both the facts about the planned development and the facts about the economics of the situation before making a decision. Town Council has these facts at hand and has sworn to act in the best interest of the people in making the final decision on the matter.

A week later, Council has another big decision to make: what to do about the Community Services Centre. Should this building go into the planning stage, should we wait until various groups volunteer to commit funds, should we wait until something irreparable happens to the present building? Will the seniors be involved, and how about all the other groups who indicated an interest at the time of the survey? It's a huge project, and a big undertaking, and the Town must be sure what is wanted before anything concrete can be done.

That same Monday is Nomination Day, when hopefully at least two people will make the decision to take their turn at helping to run the Town, by letting their names stand for election to fill the vacant Council seats.

In fact, that day we all have a decision to make. February 19 is Family Day, the much-disputed new holiday. If we are business owners, we have to decide if our business will be open or closed. If we are employees, we may be asked to decide if we want that day off or another day, such as Heritage Day, instead. If we do take the day off, we have to decide if we will spend it catching up on housework or chores, or if we will make a real holiday of it.

The choices are out there. It's up to us to make them wisely.

Book review and other words

By Irene Magnusson
Alberta Trails

The Lakeland Review Printing and Stationery office has a new book on its shelf this week. It's a small book, soft cover, but with large clear printing, not a hard book to read, and I picked up a copy to take home.

The title of the book is "I Die a Little More Each Day." The author is Jenny Palinka.

Jenny Palinka lives at Two Hills now, with her husband Peter, but they used to live a few miles south of Elk Point, along highway 41, on a farm with a large barn. For a time Jenny taught school in Elk Point. Now she enjoys her retirement, keeps busy with many things — and, of course, remember that women do not 'retire' completely, but continue to care for their homes, sometimes grandchildren, often a garden. No, I don't think Jenny finds time hanging on her hands.

But she has had time to continue work on her book, written perhaps as therapy, years ago. After several tries, she has had it published, and now offers it for sale. I hope many of you will be moved to read it.

This is a story, written in calm country words, of a young boy who couldn't have a future, and his loving family who cared for him in the best way they knew how. It follows the family through the years, from the child's birth, to the grim discovery of his ailment, the effects it had on the boy, his parents and siblings.

Without drama or undue histrionics, Jenny tells her nonetheless highly dramatic story. It is one many families can relate to. First, the beginnings, just-out-of-school years, the problems of getting started following the long depression, the young family, building a home, struggling to make a living.

I have to laugh a bit ruefully, when so many women are struggling, today, to find work out of the home — women of those days had no trouble finding work — it was available everywhere they turned, indoors or out. Jenny found her share, enjoying it and her family. Then the blow fell, as gradually she and her husband came to realize the sword hanging over their son's head.

They went on, as families have done since time began, making the best they could of the situation. No one 'ran away', or 'couldn't take it,' instead they dug in, carried on, held the fort, as it were, giving the one thing they had in abundance — love. Love feeds on itself, and produces more love, if it is given a chance, as this story proves.

Printed by Parkland ColorPress, at College Heights, Alberta, October, 1989, "I Die a Little More Each Day", by Jenny Palinka, is available at Lakeland Review, Elk Point, also at the Heritage Museum, Two Hills and Derwent School, Price $5.00. I think you'll be glad to have it on your bookshelf.

* * *

Continuing on, in a writers-of-Elk Point vein, I hope some of you are noticing the activities of the small writers group, who would be happy to be part of a larger group. If we have any aspiring writers in the area, why not come along to the meetings, and share your experiences and thoughts with us? We do have fun.

We are also planning to benefit from our association. So far, we have attended a Writer's group meeting at Killam; we plan to attend a Meet-the-Authors gathering in Camrose next month, and more.

Some of our members have taken — or plan to later — workshops in other areas; some are submitting their work to publishers on a regular basis.

Surely Elk Point and area has lots of aspiring authors? Having tried it myself, I know how much a little 'company' can help along the rocky — and often apparently non-existent — road to "getting it in print."

Since we have become a group, we've learned that the Library has scads of useful books, tailormade for the would-be author, How-to-books, lists of publishers, all the many things we may not be sure of, or need help with.

Our latest venture is a week-long film festival, the theme to be Modern Family issues, in celebration of the newly proclaimed "Family Day" holiday. Come over to the Elk Point Library, each evening at 7:30 p.m., from February 19 to 23, and join us in viewing a series of films. It's bound to be interesting, fun, and we'll throw in a cup of coffee.

Who knows? If we are enthusiastic enough, and can scout out a few more would-be writers, we might be able to have a writing workshop.

Rumors have it that Scriptwriter Ruth Andrishak, our own Elk Point author, may be around for a visit presently, so perhaps the "Ruthless Writers" group may not be Ruthless for a time.

Still on the subject of writing and writers, you seniors who jot things down now and then, should get out pen and paper, make an effort and prepare to enter the CREATIVE WRITING section of the Alberta Senior Games. All you have to do is be 55 or better, write something new, in one of four categories (Poetry, Short Fiction, Non-Fiction - serious, or Non-Fiction - humorous) and get it to the officials in good time. More information will soon be available. Watch for it. And do sharpen up your pens; have your say.

Elk Point Community Choir - a reality

The first practice session for those interested in forming a community choir in Elk Point was held on February 4, 1990 in the elementary school. Enthusiasm and talent quickly replaced anxieties and inhibitions and at the end of the two hour session, melodious four part harmony flowed convincing those present to make the Elk Point Community Choir a reality.

The choir, presently consisting of twenty-two members is ably directed by Don Buryn.

The choir invites all adults, including high school students, to join them weekly on Sunday evenings from 7:30 - 9:30 p.m. in the music room of the Elk Point Elementary School. To join the choir it is not necessary to be able to read music. The choir is looking for soprano, alta, tenor and bass voices, which are interested in participating in four part harmony singing.

For further information call evenings, 724-4263 or 724-3785.

Winning weekend for Elks

Two wins this weekend have put the Elk Point Elks in a tie with Dewberry Mustangs for third spot standing in the Sask-Alta Hockey League. The Elks doubled Dewberry 4-2 in a hard fought game Friday evening in Elk Point, then won another home ice contest 5-3 over Marwayne Comets on Sunday afternoon.

Elks 4, Mustangs 2

Friday night's game was a battle from beginning to end, with the first casualty being Elk Mike Boratynec, who left the game 28 seconds into the first period with a three game suspension for injuring a player he checked from behind. Penalties came thick and fast throughout the game, with several more game misconducts coming late in the second period, along with a bumper crop of minors.

The Elks were first to hit the scoreboard, with a goal by Richard Marcoux nine minutes into the game, assisted by Willie Lesyk and John Wozniak. An unassisted goal by Kerry Loughran 28 seconds into the second period and Murray Cochrane's goal off assists by Eugene Zarowny and Kerry Loughran 10 minutes later gave the Elks a 3-0 lead before Dewberry's Les Cusack hit the net off assists by Lindsay Bates and Jim Brake. Cusack came back for a second goal three minutes later, this time assisted by Shawn Bell and Scott Weisenberger, to narrow the margin to 3-2 by the end of the second period.

The lone goal of the third period came off the stick of Kerry Loughran, assisted by Terry Isaacson, with the Elks shorthanded at the time. The final 15 minutes and 27 seconds were scoreless, but were in no way short on action, as both strong rival teams kept up their onslaught until the final buzzer sounded.

Elks 5, Comets 3

Sunday's game was much quieter by contrast, but still featured a lot of fast skating and fine defensive play. The first period remained scoreless until only 1:56 remained on the clock, when Pat Lamoureux scored for the Elks, assisted by Lane Lorenson and John Wozniak. Marwayne took that as their signal to get in the scoring race, coming back 74 seconds later with a goal by Murray Hozack, assisted by Dale Milne, to tie the score by the period's end.

The Elks totally dominated second period scoring, with a goal by Alain Leclerc assisted by Terry Wozniak followed up by a pair by John Wozniak, assisted by Murray Cochrane and Pat Lamoureux on the first and Lorn Berg and Terry Isaacson on the second, both taking advantage of Marwayne penalties.

Marwayne took their turn at the net early in the third period, with a goal coming from Kevin Holzinger off assists by Murray Hozack and Dale Milne 16 seconds off the faceoff, and another by Milne, assisted by Hozack and Derek Rooks, 8 minutes later, with 2 Elks in the penalty box. The score remained at 4-3 in the Elks' favor until just before the buzzer, when Richard Marcoux sent a shot from Pat Lamoreux and Terry Wozniak into an empty Marwayne net in the last play of the game.

Permanent Cover Program

Canada – Alberta Soil Conservation Initiative
CASCI

JULY 20, 1990
ADDITIONAL DEADLINE FOR OPTION 2 APPLICATIONS

Attention Producers and Rural Municipality Offices –

You don't have to wait until December 1, 1990 for the next **Option 2** application deadline under the Permanent Cover Program.

Option 2 applications received **by PFRA** on or before **July 20, 1990** will now be accepted for consideration at that time.

The Permanent Cover Program enables farmers with highly erodible land in annual cultivation to receive financial assistance for placing this land under permanent cover. **Option 1** provides $20 per acre to producers for seeding perennial forages. **Option 2** provides additional assistance if the producer agrees to maintain eligible land under perennial forage for either 10 or 21 years.

Option 1 applications may be submitted anytime during the Program. **Option 2** applications are only considered following specific deadlines. Those who applied prior to December 1, 1989 will be advised of their eligibility status well in advance of July 20.

Option 2 applications received **by PFRA** after July 20 will not be considered until December 1, 1990.

Formal application and approval is necessary **prior** to seeding forage under the Permanent Cover Program.

Application forms are available from Municipal Offices, Alberta Agriculture District Offices and PFRA District Offices.

What's news at the library?

Valentine's Day is almost here, so here is a little history of the special day taken from "Let's Celebrate, Canada's Special Days" by Caroline Parry.

The very first valentine card is said to have been sent by the Duke of Orleans, imprisoned in the Tower of London, in 1415. Valentine cards were made by hand for centuries, until the first printed cards, sold in 1809, started a Victorian fad that continues today. Some cards have old verses on them such as: Somebody loves you, deep and true, If I weren't so bashful, I'd tell you who!

Roses are Red, Violets are Blue, The Elk Point Library is Inviting You: to our preschool storytime Valentine's Party, Friday, February 9 at 10:30 a.m.. Games, puppet show and refreshments. Wear something red for Valentines.

Don't forget the Junior-Senior Teen Program, "Get the Jump on Spring" on February 22 from 7 to 9 p.m. Wardrobe planning, accessories and nutrition. Pre-register at the library.

NEW BOOKS:

"Metis" by Julia D. Harrison tells the story of the Metis from the fur trade to the present. Their struggle for land and recognition began with the opening of the West, and from that time on, the Metis have had to deal with prejudice and poverty while fighting for their political rights. This book contains over 80 black and white photographs.

"The Right Dog For You" by Daniel F. Tortora, PhD. Here is a systematic and enjoyable way to choose a dog. This highly informative and useful book will take the guesswork out of choosing a dog while leaving in the fun! It will tell you about over 110 breeds and help you to select a dog compatible with your personality, family, and lifestyle.

"Lonigan", "Riding for the Brand", "The Man From Skibbereen", and "Long Ride Home" are four new westerns by Louis L'Amour.

"The Pledge" by Howard Fast is a magnificent story of a foreign correspondent, Bruce Bacon who has uncovered the truth about one of World War II's most shocking acts of genocide. When he tries to get his story into print, he becomes not a hero but an outcast, persecuted by his own

Famine predicted to hit Elk Point

Forty thousand children die from hunger every day. However, some Elk Point residents are doing something to help reduce that grim statistic.

Famine fighters from Elk Point United Church will participate in World Vision's 30 HOUR FAMINE (from 1 p.m. Friday, February 16 to 7 p.m. Saturday, February 17) to raise money for the world's hungry. By going without food for 30 hours, participants will identify with the millions who go to bed hungry every night. They will be sponsored for fasting by family, friends and neighbours. Medical reports indicate that fasting for 30 hours, while drinking juices and water, is not harmful for healthy teenagers and adults.

"What participants lose in weight during the 30 hours, they gain in knowledge," said Dennis Johnson, World Vision's representative for Elk Point. "The fast can't compare with the perpetual hunger many Third World people face but it is one way to identify with them while providing practical help."

World Vision hopes to raise $1 million this year through the national event. Last year, more than 17,000 Canadians raised $750,000. This year, more than 20,000 registrations have already flooded into World Vision. The agency, which works in more than 80 countries, will use the donations raised to provide immediate food aid and to establish community development projects. In Ethiopia, for instance, where drought and war have destroyed much of the country's crops, $200 can provide four families with emergency food, medical care and seeds until next season's harvest.

The student who raises the most money from Edmonton will be eligible for a travel scholarship to India to visit World Vision development projects in August.

Celebrities and athletes are supporting the program, including Blue Jays stars Tony Fernandez and Kelly Gruber who say, "To win in baseball we have to work together. To fight world hunger we must also work together. The 30 HOUR FAMINE is a great place to start."

Tulliby Lake 4-H Club

By Rebecca Eaton
Club Reporter

The Tulliby Lake 4-H Club held their monthly meeting January 3, 1990 at 7 p.m. at the Tulliby Lake Communiplex.

During the meeting, we discussed a sign for the community. Everyone showed us their ideas, which were all very good. Then a committee was formed to choose one of the ideas.

We also discussed the Ice Capades and Skiing. It was decided that we leave it to the next meeting.

We also decided that our skating party would be held on Sunday, January 14 at 2 p.m. at the Arena here in Tulliby Lake.

On January 6, we had ten members from our club go to the communications workshop 'Speak out and be heard", in Vermilion. All the sessions were very good. Our club won a door prize for travelling the farthest and having the most members from one club.

The Crafts Club held their meeting Wed., January 17 at 2:30 p.m. All nine members were there. This month, our leader, Wanda Kipps, instructed us on how to make pot holders.

Our next meeting will be held on February 1 at 7 p.m. at the Communiplex.

Participation Trophies For All

Top Money Raisers And Most Laps

Skate-a-thon successful

Elk Point Skating Club's annual Skate-A-Thon went Sunday, and raised a total of approximately $2500 in pledges.

Mark Wilson of Norcen Energy Resources won the Oilmen's Association challenge trophy for the most funds raised by an oil company or oil service company representative, as well as the trophy for the most laps by an oil company skater.

Anthony Peters raised the most money on behalf of a service club, while Charlotte Engstrom, representing Elk Point Municipal Hospital, won the trophy for the most money raised by an adult skater, as well as a trophy for the dubious honor of oldest skater.

The youngest skater was Kathleen Wilson.

Trophies were awarded in three age groups for the most laps by boys and girls, and the most money raised. Winners in the 7 and Under category were Melanie Johnson and Brett Kopeck with the most laps, and Melanie Johnson with the most pledges. In the 8 to 10 Years group, Dennell Anderson and Jordan Bassett skated the most laps, with Crysta Lypka collecting the most pledges. In the 11 to 14 Years group, Shauna Loughran and Charlene Anderson tied for the most laps skated, with Christina Estey collecting the most pledges.

Happy Birthday Aquarius! You are like a wisp of wind. Hither and yon you go, electrifying your loved ones and friends. 1990 started pretty 'weighty' for you. A month of icy cold winds and storms, deep freeze. This old planet will rock and roll for you now with so many changes. You sense the 'aloneness' at times yet it's a time for cuddling and loving with this bitter cold. Self-preservation is the watchword now. February has a lot of snares. An Annular Solar Eclipse which occurred in your Sun Sign on January 26th and whose effects will linger for nearly two years and change your lifestyle considerably. This is the month of love. The heart month. Valentine's month. Send messages of love to those you care for. Romance is swelling on the breeze in song and verse. Good communication stirs the passions to greater depth. Love shines through the snow and cold. It's beautiful to look at but ever so treacherous! You want to make a lot of money in 1990. You won't like what you do, but will never stop learning because you want a higher position. Others rely on you, so you know you must succeed. The next few months will be busy ones. These are challenging, yet fulfilling times. Be flexible.

Aries

You are determined to be more successful - and a leader. But even if you want to be, don't let your family life suffer. There could be a move in the summer. Love is put to the test in February. A time of many decisions. You are full of enthusiasm but extravagance could lead to trouble.

Taurus

Don't sit back and take second place. Lots of changes are coming in 1990. You will travel to a new home. The future is dark right now. You don't feel overwhelmed by the prospect of your life taking a new direction. You are blessed with energy and charm. You could be on top of the world.

Gemini

1990 is going to be very special for you. Your thoughts and ideas gain a lot of speed. Some plans are put aside to make room for better ones. You will take off in a whole new direction. Organize yourself before your concentration starts slipping. Finances both personal and business, are an important issue.

Cancer

Success can be yours, so aim high! Money is highlighted in February. Don't take risks with your hard-earned cash. A perfect time for love. Look after your diet properly. Don't allow yourself to become too stressed out and tired doing things that could wait.

Leo

Jupiter, harbinger of good fortune, enters your Sign in February. The sky is the limit. Never forget to be loving. Greater responsibilities come your way, so keep a careful check on your health. Remember your family needs special attention.

Virgo

Come on, Virgo! Less worry, value yourself. Work and health are your focal points. In February you may accept an offer that is more stimulating. 1990 will be a splendid year, new friends, new interests, new hobbies, lots of romance, giving you a fresh outlook.

Libra

Family matters keep you very busy. A new love runs smoothly. You yearn for travel, a chance to see new places, relax and dream. You need beauty surrounding you. Stick to a realistic budget and don't stray.

Scorpio

You are not searching for life to be more fulfilling, you have it near you. There is travel and lots of it in 1990. You are going to branch out in a new career. You'll be very successful. Remember, you are invincible - use your talents to their fullest.

Sagittarius

You have extra bounce and vigor in February. You're ready and willing to move ahead with new projects, and many different plans will occupy you over the coming months. Be sure to protect your interests. A very special family celebration will reunite relatives.

Capricorn

Get rid of any 'deadwood' in your life. Carry on with responsibilities as always. You want a different lifestyle, create a new image. Strengthen your close ties and take time to play a little. Don't allow yourself to be careless. Your marriage is important.

Aquarius

You like to initiate change rather than have it forced upon you. Don't be surprised at the change around you. A new beginning that will sweep you along on the tide with such a flurry of movement. You are a complex creature of habit. February will sabotage trouble areas.

Pisces

You're full of errands, easy chores, paperwork, mail, calls, friends and socializing. Don't ignore your present restlessness or need to talk, or think it's unimportant. You feel more energy. Is there such a thing as falling in love with life? Don't push or reject it, Pisces. Something is brewing out there.

Charltons celebrate 40th anniversary

Four decades ago, big weddings were nowhere near as common as they are today. In fact, back on January 28, 1950, when Jean and Dale Charlton tied the nuptial knot in High River, Alberta, the ceremony took place in the preacher's front room, with just the bride and groom and the two friends who "stood up with them" in attendance. Their reception was supper at the hotel cafe, where the special of the day was meat loaf, and their honeymoon haven was the hotel's honeymoon suite, given them as a gift by the hotel proprietor.

Forty years less a day later, the Charltons finally had their long delayed reception, when a packed crowd of family and close friends honored them with a dinner and social evening in the Empress Banquet Room. Family members came from southern Alberta, the Peace River country, and other parts of the province for the event, which featured colorful decorations, a gigantic anniversary cake and an amusing account of the Charlton's life by neighbor Faye Smith.

Both of the Charltons are hard working folks, who were employed at a variety of jobs as they raised their family. Dale worked in construction and in a trailer factory before going to work for Gil Garner, then a High River area rancher, in 1963. The Charltons and Garners came to Elk Point in 1974. Jean, in addition to her family duties, has been a waitress, an RCMP jail matron, and a store proprietor. Both enjoy sports, Dale having played both hockey and ball, and Jean playing slowpitch, and they have passed this love on to their children.

The Charltons had five sons, one of whom, Roy, passed away at the age of 17. The remaining four, Bob, Terry, David and John, along with their growing families, were all on hand to help their parents celebrate their anniversary. The Charltons have 10 grandchildren.

A second special occasion, Dale's birthday, was also celebrated, with a handsomely decorated cake created by Bev Stewart, and musical selections "Just for Grandpa" by several of the granddaughters.

Married Forty Years

Jean and Dale Charlton received the congratulations of their family and friends at a gathering honoring their 40th Wedding Anniversary on January 27, 1990.

Pat Soldan retires

After 19 years on the staff of Elk Point Municipal Hospital, Pat Soldan is trading in her stethescope and thermometer for a less hectic pace of travel, golf, family, home and cottage. Mrs. Soldan was honored by a gathering of fellow employees and friends Friday at the hospital, with presentations of gifts from the Hospital Board, medical staff, United Nurses of Alberta, hospital staff and retired staff. Loretta Pinder added a personal gift to the sheaf of red roses from the doctors, and told her long time friend, "Thank you for being there". Liz Didow, presenting on behalf of UNA, noted that Mrs. Soldan had been the first UNA local president at the hospital.

Mrs. Soldan thanked "each member of the team" who contributed to the well-being of Elk Point Hospital's patients, as she reached "Freedom 55, I made it!" she exclaimed jubilantly. In memory of her years at the hospital, she presented a handsome painting to decorate the facility.

Entertainment for the afternoon was provided by Gwen Morris, Mathilda Furgher and Debbie Lawrence, who offered the Beatle's "When I'm Sixty Four" and a melody of the praises of tropical islands, both very appropriate for a new retiree on the threshold of new adventures.

Mrs. Soldan was born in Montreal and received her nurse's training there before coming west to work in Edmonton. She studied at the University of Alberta in 1970-71 toward a degree in nursing, then came to Elk Point for a summer job. Here she met Ed Soldan, and her plans to go back to Edmonton flew out the window. Instead, she married him and inherited a beautiful ready made family, his children John and Margaret.

Both John, with fiancee Kelly Young, and Margaret, with her son Brandon Mudryk, as well as Ed, his mother and his sister Liz Didow joined Mrs. Soldan at the head table for this special occasion.

Freedom, Here We Come!

Pat Soldan, shown with husband Ed, celebrated her retirement from Elk Point Hospital's nursing staff at a tea given in her honor by fellow employees.

Framing shop hosts open house

Orest and Darlene Sereda have turned a hobby they have enjoyed for a number of years into a home based business which provides an outlet for their creativity as well as providing a service much appreciated by artists and handicrafters in Elk Point and district.

ODS Picture Framing joined the business community in September, 1989, after the Seredas completed a course in framing at Lakeland College, Vermilion. The couple has been framing such items as Ukrainian Easter eggs and clocks made from Easter eggs for the past 8 years, and decided to learn more about the craft when they heard the course was available.

Their spacious basement workroom and the adjacent recreation room were lined with carefully framed artwork of numerous kinds for the open house, from Barb Croteau's three dimensional leather masks to collector's plates, from cross-stitch by local craftswomen to prints by native artists, from family photos to an antique magazine cover. A cross-stitch sampler dating back to 1851, and an oil painting done on a flour sack shared the walls with serigraphs, limited edition prints of western art, and imaginatively matted artwork by the Sereda children. Posters, a pin collection and a piece of sealskin, all framed to complement the items, covered other walls.

One unique item on display is a frame containing a dollar bill and a dollar coin, and bearing the legend "The Passing Of The Buck," a creation of Orest Sereda in commemoration of the end of paper dollars and the beginning of the dollar coin. Sereda says the "Buck" was popular at Christmas with those looking for an unusual gift.

The Seredas reported a busy weekend at their Open House, with customers still dropping by on Sunday to see the displays and to bring in items for framing. Sylvia Boothman was the winner of a limited edition western print by Bernie Brown, while Marguerite Friesen was the lucky recipient of a "Passing Of The Buck," in the door prize draws.

FGM hosts basketball tourney

F. G. Miller High School hosted boys and girls from all over northern Alberta at a 16-team basketball tournament this past weekend, which was organized and put on entirely by the students and was much enjoyed by all in attendance.

Grand Centre defeated Vegreville to win top honors in the 8-team Boys' tournament, with Westlock edging out Marwayne for a third place berth. Teams from Bonnyville, Thorsby, Assumption and Elk Point also took part.

Thorsby led the list of winners in the eight-team Girls' tournament, with a final win over Westlock. Elk Point lost out to Assumption in a bid for third place, while other teams competing were from Fort Assiniboine, High Prairie, Vermilion and Bonnyville.

Elk Point Crusaders basketball coach Ray Danyluk feels the students did an excellent job of planning and running the tournament and are to be commended for their efforts. "A lot of teams commented that it was the best tournament they had been to," he noted.

Danyluk also had praise for his girls' team, who "Fought right to the end" in a difficult final game, and "never quit trying at all" until the final buzzer went.
